The response for volunteers for the new TIGS project transcribing the folder of Death Records (about 8,000 records) in the Burden Collection has been great.

To date we have volunteers from the following New York State communities:

Wynantskill (2 volunteers)  
Saratoga Springs  
Troy (3 volunteers)  
East Nassau  
Clifton Park

And volunteers from the following areas out of state:

Haverhill, Mass  
West Des Moines, Iowa  
Salt Lake City, Utah  
Advance, North Carolina

Over 1,000 death notices from the first 8 pages of the records have now been sent to the transcribers. One of the volunteers has already found one of her elusive ancestors on the pages she received to transcribe. I will be at Rensselaer County Historical Society tomorrow to pick up additional pages of the death records to send to transcribers.

There are a small number of marriage records on the pages and I have been data entering them on a different excel spreadsheet.

I had never used excel prior to working on the Burden Iron Company payroll records. In fact, I never responded to any of Pat Connors request for volunteers for the census project as I thought excel would be too complicated or hard to use. Now I know how easy Excel is to use. So if there are still people on the list considering working on this project, please write me off list and I will set you up.

As an aside, the data in these records is fascinating. You may get house addresses, names of parent's or other relatives, cause of death, maiden names, etc. On the marriage records almost all show the middle name. Some records are from out of state if there was a Troy area connection.

Regards,

Bill McGrath

Thanks for all your efforts in setting up this new project. I received my pages today and have begun working on them. It goes along pretty quickly and I am enjoying reading them as I type them.

The information that I gathered a few years ago for my Renss. Co. church records publication lists Church of the Holy Cross (Episcopal), 138 8th St. has baptisms, marriages, communicants, members, funerals - from 1844-62 and 1896 on, all kept at the church. Phone was 272-1955. I would check the phone book to make sure this number is still valid. Apparently 1863-1895 are unaccounted for...

I'm willing to help out with transcribing these records if you still have some available.

As you all know, some of the Troy area TIGS members have been transcribing the Burden Iron Company payroll books. As we have to work with the Burden books on the premises of the Rensselaer County Historical Society, this has limited participation in this project to Troy area members. The TIGS transcribers has already finished Book 1 of the records which are now on line and can be searched by name from ANY location. Book 2 is currently being worked on and is now half finished.

One project that we are now ready to start, which can use transcribers outside the Troy area, covers another package of papers from the Burden Record collection. A folder of 73 sheets of paper with 74 pages of data (one page has data on the front and back) covers events (death notices/weddings,etc.) clipped from the Troy Newspaper. The records cover the period March 1890 through April 1895.

The great bulk of the records are Death Notices which is what we will handle first. There are a small number of wedding announcements and engagements which we will address later.

We may be talking about 8,000 death records on these pages which will be a fantastic resource for people searching for Troy ancestors. Also, if anyone has looked at the microfilm of the 1890 newspapers in the Troy Library, you are aware that the pages are dark and hard to read, and you need to read the entire newspaper because the little three and four line death notices can be anywhere on a page. This new TIGS project when done will be a great help to researchers since the records can be searched by name or date.

I now have photocopies of the first ten pages which can be farmed out to volunteers. Page 1, which consists of two 8 1/2 x 11 sheets of paper has approximately 120 death records in four columns on it. A typical entry is shown below:

CARPENTER-At Lansingburgh, March 31, 1890, Mrs. Elizabeth Ann CARPENTER, daughter of the late Daniel Young, aged 78 years.  
Funeral from her late residence, No, 572 Second ave- nue, on Thursday, April 2, at 3 o'clock P.M. Friends and acquaintances are respectfully invited to attend.  
4-1-2t

So, at this point, I would like to hear from those TIGS members who would like to work on this project. I will US mail you a page for transcribing and email you the Excel template to enter the data. You can write me off list with your name and address if you would like to take part in this new TIGS project.

Hi Listers:

The tour of the Watervliet Arsenal Museum scheduled for this Sunday, October 3 has been postponed until we pick a new date.

Several people have suggested a Saturday tour instead of a Sunday. The Museum is not open Saturday so that leaves only Sunday as our choice since many of the TIGS members work during the week.

So, I would like to hear about available October Sunday dates from those who would like to make the tour.

Bill, Sorry I didn't respomd, but I volunteer for the historic house tour in Saratoga and it is going to be the same weekend. I was very interested in attending as my Father worked at the Arsenal in the late 30's and 40's.

Good Morning Listers:

At this point I have only heard from ONE LIST MEMBER expressing an interest in the Watervliet Arsenal Tour on Sunday, October 3.

I need to know right away if there is any more interest in this tour for Oct 3.. If there is interest in a tour, but the Oct 3 date is not good for a lot of people, we can make alternate arrangements with the Arsenal. Please let me know your feelings on the Oct 3 tour or any alternate dates.

Thanks,

Bill McGrath

Bill, How can I thank you enough for this invaluable information. You probably saved me days of getting to know what was where. I will have limited time in Troy, so this preview is wonderful. I can plan my steps on the flight to Troy.

Thank you for being such a kind soul.

My John Moran is from Dorrha Parish County Tipperary. I see you have some ancestors from Tipperary. I, also, understand that many of them came to Troy. Did they live in a certain area of the city or hang out at certain pubs?

Are there any TIGS activities going on Oct 6-7-8? I'd love to meet some of you while I'm in town.

Notice To TIGS Members:

As you all know, some of the Troy area TIGS members have been transcribing the Burden Iron Company payroll books. As we have to work with the Burden books on the premises of the Rensselaer County Historical Society, this has limited participation in this project to Troy area members. The TIGS transcribers has already finished Book 1 of the records which are now on line and can be searched by name from ANY location. Book 2 is currently being worked on and is now half finished.

One project that we are now ready to start, which can use transcribers outside the Troy area, covers another package of papers from the Burden Record collection. A folder of 73 sheets of paper with 74 pages of data (one page has data on the front and back) covers events (death notices/weddings,etc.) clipped from the Troy Newspaper. The records cover the period March 1890 through April 1895.

The great bulk of the records are Death Notices which is what we will handle first. There are a small number of wedding announcements and engagements which we will address later.

We may be talking about 8,000 death records on these pages which will be a fantastic resource for people searching for Troy ancestors. Also, if anyone has looked at the microfilm of the 1890 newspapers in the Troy Library, you are aware that the pages are dark and hard to read, and you need to read the entire newspaper because the little three and four line death notices can be anywhere on a page. This new TIGS project when done will be a great help to researchers since the records can be searched by name or date.

I now have photocopies of the first ten pages which can be farmed out to volunteers. Page 1, which consists of two 8 1/2 x 11 sheets of paper has approximately 120 death records in four columns on it. A typical entry is shown below:

CARPENTER-At Lansingburgh, March 31, 1890, Mrs. Elizabeth Ann CARPENTER, daughter of the late Daniel Young, aged 78 years.

Funeral from her late residence, No, 572 Second ave- nue, on Thursday, April 2, at 3 o'clock P.M. Friends and acquaintances are respectfully invited to attend.

4-1-2t

So, at this point, I would like to hear from those TIGS members who would like to work on this project. I will US mail you a page for transcribing and email you the Excel template to enter the data. You can write me off list with your name and address if you would like to take part in this new TIGS project.

Regards,

Bill McGrath

Hello Barbara:

Here are some ideas for your upcoming visit to Troy.

1. Call St. Joseph's Rectory (518 274-6720) and ask Bernadette to look up plot records for your family names and ask her if she could please send them to you. She can tell you the grave location (Section, Row, etcl.) and identify who is buried in the plot and when. The date will be interment date and not the date of death.
2. There are no markers at St. Joseph's Cemetery showing Sections. Stop at garage at right side after entry gate and look for Jason. He can show you where to find the gravesite.
3. New York State required reporting of births, deaths, etc. starting around 1880. Compliance with the law was spotty in the early years. Prior to 1880 you have to fall back on the Church records.
4. Copies of birth and death records are now about \$22.00. If the event occurred in Troy, the certificates can be obtained from:

Vital Statistics  
1 Monument Square  
Troy, NY 12180

Telephone 518 270-4587

The following items may also be of help to you:

A. The Troy Library Genealogy Room has three rolls of microfilm on Troy Deaths and Burials.

The three rolls of film in the library are:

1. Burial Records - March 1, 1833 - September 2, 1867
2. Burial Records - August 14, 1867 - June 27, 1882
3. Burial Records - June 8, 1882 - February 27, 1891.

If you are not in the Troy area and want to order the film on Troy Deaths and Burials from Salt Lake City, the numbers required for ordering are:

1. 1434103
2. 1434104
3. 1434105

The handwriting, for the most part, is beautiful to read but it may help to have some idea of what you are looking for. For example I was looking for my great grandmother Mary

Carroll and her daughters Margaret and Catherine who were on Ida Street in the 1880 census and then disappear from all records.

The first record I found was "Wife of Mr. Carroll" on Ida Street who died on March 11, 1881 of smallpox. The next record I found was "Child of Mr. Carroll" who died in the Troy Hospital on March 15, 1881 of smallpox. Based on the age shown for the child, I knew it was Margaret. I am still searching for Catherine and assume she also died of smallpox. By the way, no one in my family ever knew of the existence of Margaret and Catherine and I only found out about them through the 1880 census records.

These Death and Burial records are an important reference for Troy researchers since many of the entries predate the 1880 law requiring the reporting of deaths.

Individuals who died outside of Troy are listed IF they were buried in Troy.

B. If you are researching relatives who died in Rensselaer County, the Surrogates Court in the Court House on Second Street near the Troy Library is a great source. They allow you to see the files in the basement on Rensselaer County Decedents. Records are either on 4 x 6 cards or in bound books as follows:

BOOKS:

1794-1873 One Book covers A to Z.  
1874-1881 One Book covers A to Z.  
1881-1916 One Book covers A to K - Other Book covers L to Z.

INDEX CARDS ARE IN DRAWERS BY YEARS:

1917-1928  
1929-1945  
1946-1959  
1960-1969  
1970-1979  
1980-1989  
1990-1999  
2000-Present

Index cards are 4 x 6

Yellow cards - Testate (was a will)  
Pink cards - Intestate (no will)  
Green cards - Small Estate

Records on cards and in books have a Volume and page reference which directs you to copies of legal documents in bound books on the shelves. Assistance is required if you want photocopies.

Wear old clothes when researching these bound books since the leather covers are in bad shape and you get covered with a red powder.

C. The genealogy room in the Troy Library has a 3 x 5 card file which at different times was compiled by library staff from the daily newspaper.

Card shows date of event, date of newspaper, page number for referenced item and in some case the column number of the newspaper.

DEATHS:

1882-1899  
1975-1979  
1980-1984  
1985-1987

BIRTHS:

1980-1984

MARRIAGES:

1882-1899  
1900  
1975-1979

WEDDINGS:

1985-1988

D. City Directories. There is an extensive collection of Troy city directories from the early 1800's and possibly earlier. I forgot what year they start. Books are great for tracking down a family name. The earlier books do not list the wife's name but will show the names of widows. In later years the city directories start reporting the first name of the wife. Also, the early books will give an exact date of death. The newer books for the 1970's on stop reporting the date of death. The individual is just deleted from the book.

The Troy books include West Troy (now Watervliet) Lansingburg, Cohoes and Green Island. There are also some directories for the cities of Albany and Glens Falls in the library.

E. Newspapers - Old copies of the Troy newspapers are on microfilm and are located on the second floor of the library. These are great for the detailed information provided on the deceased and his family. When looking at the microfilm for an obit, remember to look for three separate items.

The formal obit which usually details occupation and work history, the small obit found on the bottom of the same paper and the write-up on the funeral which will be found in the paper published on the day of the funeral or a few days later. The small obit, which is no longer printed in today's papers, may list the names of grandchildren whereas the formal obit may just say 6 grandchildren. Some relatives are mentioned in one obit and not the other. The funeral notice, in addition to giving the name of the organist and soloist, names of songs, etc., will have the names of the pall bearers and sometimes give their relationship to the deceased.

F. Many other reference books and microfilm census records are available in the Genealogy Room at the library. If in Troy, spend some time at the library looking at the various sources.

G. The Troy Library has recently added books covering some records of St. Patrick's Church, Troy and St. Jean Baptiste, Troy. These alphabetical records were compiled from the church records by the American-Canadian Genealogical Society of Manchester, New Hampshire. The records at the library are as follows:

ST. PATRICK'S:

Marriages September 1872 To July 2000.  
Vol. I. - Marriages A To K.  
Vol. II. - Marriages K To Z.

ST. JEAN BAPTISTE:

Book RP 050 - Marriages 1852 To 1970.  
Burials 1875 To 1970.

Book RP 051 Baptisms August 1852 To December 1970.

Hope the above items are of help in searching for your Troy connections.

Thanks for looking. I think any of mine would have been before 1860, as they seem to have moved westward by then, However, I don't know whether they left anyone behind when they went. The seemed to travel together, mainly, evn the married daughters, but perhaps not all.

In the 1917 Irish Night program there is a Rev. John J. Barrett among the list of Curates at St. Mary's between the years 1843 and 1917. That just means he served at St. Mary's, not necessarily originally lived in the parish.

There is a short list of deceased members of the Holy Name Society, but I didn't find any of your surnames among them.

The following newspaper obituary for Mary Ann (Hogan) Clancy (widow of William Clancy) is my link to Sheehan, Dwyer, Augustal, Cassidy.

May 19, 1941 - "...bearers, all relatives, were Richard Sheehan, James Dwyer, John Powers, Peter Masterson, George Augustal and Joseph Cassidy. Interment was in the family plot in St. Peters Cemetery..."

I believe Richard Sheehan siblings were Elizabeth, Harriet, William, John, Mary & Bertha. Parents might have been William & Maria. I'm still working on this lead but in 1880 at 13 Orr Street the "Sherman" family were listed but I believe it was actually the "Sheehan" family.

1910 listed a "James Dwyer" at 7 Orr Street. Anna & Thomas were listed in the 1910 census as living at 7 Orr Street. It would have been "Mary as HOH, Michael, her BIL, her children: James, Anna, John, Mary, Margaret, and Daniel.

July 9, 1900 - William Clancy obit "...bearers were Michael Powers, James Johnson, George Miller, William Thorpe, Patrick Burke, Jacob Ott, John McGrath, Patrick Horry."

I hope this info is of help to someone. I wish I had more info to share.

So far I have only had time to check the 1943 program. In that one, only the names of curates who served at St. Mary's and parishioners who have gone into religious life are listed.

Among the vocations I found a Brother Walter Barrett C.S.C., which is probably the Christian Brothers who operate LaSalle Institute in Troy and Christian Brothers Academy in Albany. I know that their main "headquarters" is in Lincroft NJ because I have family who live in that town.

It doesn't give any years or any other information, just their names.

I will check the 1917 program as soon as I can. That one does have the names of lay people who were members of the Holy Name Society at the time.

Dear Listers,

I will be in Albany/Troy for some research on Oct 6-7. I need to make the best use of my short time in town. What do you recommend I do first, etc? I have Morans buried at St Joseph's Cemetery, so I must get there. Can I write ahead to have someone find the location of the graves for me. I am looking for John Moran d 11 Dec1886 and Mary Moran d 2 Feb 1905 and children, Bridget d 1864, James d 1871 and John d 1872.. I know they are buried there per your fabulous web listing.

Where do I go for birth, marriage and death records for the period 1840-1900? How about finding Morans living in Troy now-a-days?

Any help is greatly appreciated.

I just discovered something that I had suspected, in regard to this mailing list.

It appears that when one's mailbox is full and messages bounce back to the List Administrator (me), after a certain number (I'm not sure how many), RootsWeb automatically takes that subscriber off the list (and doesn't notify me).

Therefore, please UNSUBSCRIBE if you suspect you will be away from your computer for a while, like a vacation, for example. When you return, just send me a note asking to re-subscribe. That way, you will avoid being automatically bumped off the list without any notice to you or to me.

Thanks,

Does anyone know where to purchase advance tickets to the Irish Fest (other than by mail). I believe some stores offered them last year if you stopped by in person.

**Subject:** [TIGS] Source Documents vs. Newspaper Articles

The following tale illustrates the importance of looking at actual source documents.

In the recent posting I did on "One Block On Burden Avenue", I mentioned Homer Renaud (1903-1986) the husband of my Aunt Helen Gertrude O'Connor (1903-1991). Well one of my sisters (I have five) promptly told me I was wrong about his name. The correct name was "Omer" she informed me.

Like all of the people on genealogy lists I am a stickler for accuracy so I looked through my files and found the following:

1. Birth record in New York State archives for Homer/Omer only shows "Renaud - male child - born Cohoes, NY". No given name.
2. Wedding write-up in Troy Record on June 22, 1927 has headline "Miss O'Connor wed to Homer J. Renaud."
3. Death write-up in The Times Record on December 24, 1986 shows name as "Omer J. Renaud".
4. Troy City Directories switch back and forth between the names "Omer" and "Homer".
5. Parent's names in death-write up are shown as Edmund Renaud and Mary Lavigne.

I assumed the wedding write-up was the most accurate and used "Homer J. Renaud" as the correct name and where I had a news item showing "Omer" I added a footnote stating the correct name was "Homer"

After reading a recent Evangelist Newspaper (official paper of the Albany Roman Catholic Diocese) article on the French Church, St. Joseph's in Cohoes, I called the church office and asked them to look in their baptismal records for the Renaud child to see if he was baptized there.

When the office called back with the information that the Renaud child was indeed baptized in St. Joseph's on December 2, 1903 which was the date of his birth. The rest of the information raised more questions.

First of all you were cautioned on the names since the people were French speaking, the name may be the French version of a more common English name and then the name was written in the book in Latin.

The name shown in the baptismal book was OMER ARTHUR RENAUD. Never heard of "Arthur" connected with Homer/Omer. By the way Helen's father, (and my grandfather) William O'Connor (1880-1941) was baptized "William Arthur" at St. Michael's in South Troy in 1880. Never heard of "Arthur" connected with his name either.

Parent's names were shown as: EDMUND RENAUD - which is what I had in my records.

ESMA POUTREE - which contradicts obit notice which says Mary Lavigne.

At this point I would assume Esma dies young and Mary Lavigne was a second wife. But who knows.

So I guess the moral of this story is "don't believe everything you read in the newspaper".

Hi List Members,

I have reviewed the 4 proposals for the organizations constitution and chose #2 for a number of reason, none of which I will discuss here.

The only change that I would make is to have every vote by the active members on important matters (like the Constitution) decided by an affirmative vote of 2/3's of the VOTES CAST by the active members instead of just 2/3's of the active members.

Thanks to everyone who worked hard to provide these choices and keep up the good work.

In reading the possible Mission Statements I felt I should explain several things. The #5 statement is what was originally composed by members at the October 2003 meeting (see minutes posted to the site). That statement was posted to the list for tweaking in November 2003. Mike McAlonie felt the word "family" should be included in the wording, which resulted in the #2 statement. Here is where I would like to clear something up; #2 should only be the first paragraph. The next 3 paragraphs were an explanation to Pat Connors as she wanted to know what intent the statement had and how it impacted on people outside of Troy living in other parts of the country. The statement was not meant to be 4 paragraphs long.  
Thanks,

The following is a list of my resources. Yes, I would be willing to do lookups or scan and email any pictures contained in the books. I'm not familiar with copywrite laws, but I assume they have expired.

- 2) Book: History of the City of Troy from the Expulsion of the Mohegan Indians to the Present Centennial Year of the Independence of the United States of America, 1876 by A. J. Weise.
- 3) Book: History of the City of Lansingburgh, N.Y. from the year 1670 to 1877 by A. J. Weise.
- 4) Book: Troy's 100 Years 1789-1889 by Arthur James Weise, 1891.
- 5) Book: Troy and Rensselaer County New York: A History in 3 Volumes by Rutherford Hayner, 1925.
- 6) CD: 1800 Rensselaer County, NY Federal Census Records.
- 7) Booklet: Merchants, Tradesmen and Manufacturers Financial Condition for Troy, NY 1921 compiled from the R.G. Dun Mercantile Agency Reference Book.
